BIOSCINT ENGINEERING LTD.

Bioscint Engineering Ltd. is committed to ensuring the safe, effective, and compliant importation, distribution, servicing, and maintenance of medical, dental, veterinary, in-vitro diagnostic (IVD), and scientific products. Our operations are guided by the principles of Good Distribution Practice (GDP), the Medical Device Regulations (Regulation (EU) 2017/745, MDR and Regulation (EU) 2017/746, IVDR), and the requirements of SM EN ISO 9001:2015.

Our mission is to provide products and services of the highest quality that meet both customer expectations and regulatory requirements. We achieve this through:

- **Long-Term Vision:** Building lasting business relationships with customers and external providers based on mutual trust, growth, and development.
- **Customer Focus:** Placing the customer at the centre of all activities and ensuring seamless, flexible, and timely services without compromising ethics or principles.
- **Resources:** Training and supporting our employees to excel in their duties, adapt to challenges, and collaborate effectively as a team.
- **Suppliers:** Partnering only with reputable suppliers committed to product quality, safety, and value for money.
- **Quality:** Driving continuous improvement in every aspect of our work and fostering a culture of leadership, accountability, and excellence.
- **Regulatory Compliance:** Adhering to MDR, IVDR, GDP, ISO 9001:2015, and all applicable local and international regulations to safeguard patients, healthcare providers, and end-users.

Bioscint Engineering Ltd. is dedicated to maintaining a robust Quality Management System (QMS) that ensures product quality, operational efficiency, and ongoing compliance with evolving regulatory requirements.

This policy provides the framework for setting and reviewing our quality objectives and is communicated to all employees, suppliers, and stakeholders. It is reviewed annually to ensure continuing suitability, adequacy, and effectiveness.
